LIBRARY REPORT.

Feb. 15, 1904.

After the town voted to accept and establish a library in accordance with the provisions of Chapter 8, Sections 21 and 26 of the Public Statutes, a year elapsed before steps were taken to fulfill the requirements of the law. The next year when the Library tax was paid it was not paid for the current year, but for the year that had elapsed, and since then it has always been paid one year in arrears. This year the tax that was in arrears has been paid up, making the tax paid up to date.

Just a few words in conclusion. I wish to call your attention to the fact that a good free public library in any town enhances the value of all the real estate in that town, just as directly as does the public schools or the church; that as a means of education it also ranks very high. It is a treasure house from which all may draw at will. Do you wish to study history, the biographies of the greatest statesmen, scholars, philosophers and others who have achieved distinction? Do you wish to follow the progress and invention of the different centuries? History, travels and exploration, and recreation, and a hundred different subjects are all available, and the benefit to be derived therefrom is only limited by the extent to which its contents are used and studied.

Respectfully submitted,
R. S. WARD,
Chairman, Board of Trustees.
